

**GOVERNMENT OF MALTA**  
**MINISTRY FOR RESOURCES AND RURAL AFFAIRS**

**THIS DOCUMENT IS ISSUED IN TERMS OF CLAUSE 3.6 OF  
THE CALL FOR EXPRESSION OF INTEREST FOR THE  
FINANCING, DESIGN, SUPPLY, INSTALLATION, OPERATION  
AND MAINTENANCE OF PHOTOVOLTAIC SYSTEMS ON  
PUBLIC BUILDINGS IN MALTA**

**Document: MRRA/M/9/2009**

## NOTICE 1 - MODIFICATIONS

In terms of Clause 3.6 (a) of the captioned call for expression of interest, (the “EOI”), the Contracting Authority may amend documentation related to this call for expressions of interest by publishing modifications up to 6 calendar days before Closing.

The contracting Authority is hereby notifying Interested Parties of the following modifications:

### MODIFICATION 1

- i. Clause 4.2 (i) (b) – Shortlisting Criteria – Concessionaire Experience and Resources:

This paragraph shall be deleted and replaced by the following (the discrepancies are marked in **bold** font):

“(a) The Interested Party or leading member of a joint venture/consortium shall have successfully completed, as project leader or main contractor, at least 2 PV farms (larger than 1MWp) in the last 5 years; such person’s role should have involved the design, installation, operation and maintenance of such farms and at least one of which shall have been in successful operation for more than **416 days**. The success or otherwise of the project must be proven either by providing a certified true copy of the “final acceptance certificate” of the project, or by a reference by the final beneficiary attesting the success of the project, and that it has been successfully in operation for at least **416 days**. These certificates/letters of reference shall automatically give the right to the Contracting Authority or its representative to contact the end user to certify the contents. Information shall be provided as per Annex A1.9.”

### MODIFICATION 2

- ii. Annex A1.3

The words “Kindly attach certificates as required”, in Annex A1.3, shall be deleted and replaced by the following:

“Kindly attach:

- (a) documentation proving the origin of the Interested Party, and/or each member in a consortium/joint venture, (this should take the form of an official certificate of good standing in respect of corporate entities, and a certified copy of a passport in respect of individuals); and
- (b) a signed declaration confirming that the material and equipment to be used/provided in the performance of the Concessionaire’s obligations in terms of the Concession, (in the event that the Interested Party is awarded the Concession), are in conformity with the provisions of clause 3.2(j)

Consequently, in terms of Clause 3.6 (b) of the EOI, these modifications, once published, will form an integral part of the EOI. Interested Parties must sign each page of this modification and attach it to their Expression of Interest.

**NOTICE 2 – EXTENSION OF DEADLINE FOR SUBMISSION OF EXPRESSIONS OF INTEREST**

In terms of Clause 3.6 (c) of the EOI, the Contracting Authority may extend the deadline for submission of expressions of interest to give Interested Parties sufficient time to take modifications into account when preparing their responses.

The contracting Authority is hereby notifying Interested Parties that it is extending the deadline for submission of Expressions of Interest by a period of one week, and the new deadline for submission of Expressions of Interest is now the 29<sup>th</sup> January 2010.

In terms of clause 3.11, the Expressions of Interest must now remain valid until at least the 28<sup>th</sup> June 2010. Any response valid for a shorter period will be rejected.

In terms of clause 3.14, all rights and obligations of the Contracting Authority and the Interested Parties regarding the original date specified in the notice will be subject to the new date indicated above.
